good.

CC:ing Dean in case he has anything to add to the draft.

Below is a draft email.

Thank you,

CC:
Dean Maraldo
Ryan Bahr
Deb Carlson

Thanks. I'll wait or week or so before sending. Just in case by some miracle HQ releases the 308. Also need to work on scheduling with Moody. They will be confused because we've been talking about the 308. Maybe best to start with a call.

Ann Foss (Industrial Division, Metallic Mining Sector Lead)
John Thomas (MPCA's chief mining inspector)
Jeff Stollenwerk (Industrial Division, Water Section manager)
Aaron Luckstein (Industrial Division – Water Compliance unit manager)

Your contacts should be:

Ann Foss (Industrial Division, Metallic Mining Sector Lead)
John Thomas (MPCA's chief mining inspector)
Jeff Stollenwerk (Industrial Division, Water Section manager)
Aaron Luckstein (Industrial Division – Water Compliance unit manager)
Paul Scheirer (Region 5 main NPDES contact)

You should absolutely send an email to all these folks and I can supply those email names to you. Because it's mining and this facility has a particularly high profile, you should anticipate them wanting to have a call in advance of the inspection. **Barbara what do you think ???**

Barbara/Jenny: Ryan asked me to check in with you regarding procedures for notifying MPCA of an upcoming inspection. We will likely conduct a recon inspection at Minntac this summer, and possibly followup with a sampling inspection. We would provide the facility with written notice, including a request for have some documents ready for the inspection.

What is the normal procedure for notifying MPCA? Can I send a email to the contacts providing notice of inspection, including Ann Foss, given its mining related?

Thanks,
Dean

In addition to Ann (sp?) Foss, the other contact would be Aaron Luckstein.

Good morning Ryan, unfortunately I didn't get a hold on Ann's calendar quick enough and someone else grab that time slot. Do any of the other dates and times work? If not, I will take another look at our calendars and send you some additional times. Sorry for the hassle.

Aaron,

It looks like the time that will work best is tomorrow at 12:00. Can we still make that time work? We'll plan on calling in at 12:00. On our end it will be Dean, Deb and I.

Hi Ryan, I left you a voice message regarding this but thought I would follow up in email as well. MPCA is requesting one more meeting. We spoke with our Commissioner after he returned from Chicago and there appears to be some differing understandings on the content. Ann is requesting one more quick meeting to make sure we are all on the same page. I don't think it will take more than 10 minutes. We can use the following call in line:
